MONEY in your Kitchen
There's money saved by living several in one kitchen every day if there's a Superfex Oil Burning Refrigerator in it. Operates on ordinary Superfex stove oil. Cools more quickly, keeps foods safer, because it's always ready. Saves on ice. Doesn't thaw out and spoil. Gives you more cubes. Makes more ice. Saves on repairs. Lasts longer. Guaranteed for 5 years. Costs less to operate. Has many other advantages. Let us tell you about them. Superfex is a new kind of refrigerator. Burns cheap stove oil. Has a wick that lights with a match. Has a blue flame that heats water in a few seconds. Has burners that can be turned down low for slow cooking. Has a chimney that carries away smoke and fumes. Has a cabinet that keeps food cool. Has a freezing unit that makes ice cubes. Has a cold control that keeps food at the right temperature. Has a thermometer that shows how cold it is. Has a shelf that pulls out for easy loading. Has a door that opens wide. Has a light that shows when door is open. Has a handle that is easy to grip. Has a finish that is easy to clean. Has a guarantee that is backed by a reliable company. Has been tested by Underwriters' Laboratories. Has been approved by Good Housekeeping Institute. Has been endorsed by thousands of users. Has been sold for many years. Has a record of satisfaction. Has a reputation for quality. Has a price that is reasonable. Has a terms plan that is convenient. Has a trade-in allowance that is generous. Has a demonstration that is free. Has a salesman who is courteous. Has a service department that is prompt. Has a repair shop that is well equipped. Has a stock of parts that is complete. Has a warranty that is clear. Has a booklet that is informative. Has a picture that is attractive. Has a price that is right. Has a terms plan that is easy. Has a trade-in allowance that is fair
